Bull's Worm Destroyer.

I have received many testimonials from pro-fessional and medical men, as my almanacs and various publications have shown, all of which are genuine. The following letter from a highly educated and popular physician in decorgia, is certainly one of the most sensi-ble communications I have ever received. Dr. Clement knows exactly what he speaks of and his testimony descrees to be written in words

VALLANOW, WALERR COUNCY, Ga., I June 39, 1866.

DR. JOHN BULL—Dear Sir: I have recently given your "Worm Destroyer" several trials and find it wonderfully efficacions. It has not falled in a single instance to have the wished for effect. I am doing a pretty large country practice, and have daily use for some article of the kind. I am free to confess that I know of no remedy recommended by the ablest authors that is so certain and speedy in its effects. On the contrary they are uncertain in the extreme. My object in writing you is to find out upon what terms I can get it upon easy terms, I shall use a great deal of it. I am awfre that the use of such articles is contrary to the teachings and practice of a great majority of the asgular line of M. D's, but see no just cause or good sense in discarging a remedy which we know to be efficient, simply because we may be ignorant of iscombination. For my part, I shall make it 11 leto use all and any means to alleviate suffice a jumming which I may be able to command—not hesitating because some one more ingenious than myself may have learned the effects first, and becurred the sole right to secure that knowledge. However, I am by no means an advocate or supporter of the

I was wounded about two rears ago—was taken prisoner and condined for sixteen months. Being moved so often, my wounds have not heated yet. I have not sait up a moment since I was wounded. I am shot through the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsaparilla than anything class. I wish that that was genuine. CHILLS AND FEVER The proprietor of this celebrated medicina-justly claims for it a superjointy over all rem-edies over offered to the public for the safe,

certain, speedy and permanent cure of Ague
and Fewer, or Chilis and Fewer, whether of
short or long standing. He refers to the entire Western and South-western country to
bear him testimony to the truth of the assertion, that in no case whatever will it full to
cure, if the directions are strictly followed
and carried out. In a great many cases a singie dose has been sufficient for a cure, and
whole families have been cured by single bottie, with a perfect restoration of general
health. It is, however, repoint, and in every
case more certain to cure, if its use is contined in smaller doses for a week or two after
the disease has been checked, more especially
in difficult and long standing cases. Usually,
this medicine will not require any aid to keepthe bowers in good order; should the patient
however, require a cathartic medicine, after
naving taken three or four doses of the Fonic,
a single dose of BULL's Vegetable Family
Pills will be sufficient.
